Hi Luke, Cindy, and all,

Sorry I didn't read these till after Cindy did. For the letter, I think we should write out U.S. EPA in the first instance [REDACTED] Ex. 5 Internal and Deliberative

Thanks. The letter reads well. There's a spacing error in the address and I am wondering if we need to write out EPA in the first instance.

The email is not quite as clear. Since it is the same info, I am wondering if you need as much detail but if you do, I made some clarifying edits.

Hi Cindy and Nancy,

Attached are a revised letter to the Meraki Group and a cover letter email

Ex. 5 Internal and
Deliberative

Ideally, we should get these letters out this week so we can revise our plan before the first letter becomes effective on April 30.

Thanks for your review!

Best,
Luke
